

Earthx2023

Media Kit

Congress of Conferences: April 19-23, 2023

Expo: April 21- 23, 2023

Fair Park- Dallas, TX

Event Overview:

Earthx2023 is the world's largest green gathering held annually around Earth Day in Dallas, Texas. Our Congress of Conferences highlights a wide range of environmental & sustainability-related topics.

It has grown to become the largest event of its kind in the world, bringing together environmental organizations, businesses, academic institutions, government agencies, speakers, interactive programming, and subject matter experts.

The Expo also features live music, art and food to help create a fun and engaging atmosphere for thought and experiential learning.

Full Event Description:

EarthX was founded by businessman and philanthropist Trammell S. Crow in 2010 as an Earth Day celebration in Dallas, TX. Since then, it has grown into one of the world's largest environmental expos and congress of conferences. EarthX is a 501 (c)(3) nonprofit and global environmental organization dedicated to amplifying environmental awareness and accelerating action through all-inclusive community engagement and education as well as conscious business, academic, NGO, and nonpartisan collaboration.

EarthX's mission is to inspire and energize the global community in ways to help create a sustainable world for all living things and to ensure a cleaner, healthier, and more equitable world for future generations. EarthX's vision is to be the world's leading global connector and environmental forum, encouraging open and inclusive dialogue and partnerships across a broad range of disciplines and perspectives that drive positive impact and move the planet towards a sustainable future.

The EarthX International Expo and Congress and Conferences is a major annual public event held around Earth Day in April to celebrate environmental progress, hope, and innovation. It has grown to become one of the largest events in the world of its kind, bringing together environmental organizations, businesses, academic institutions, government agencies, speakers, interactive programming, and subject matter experts in a festival atmosphere. EarthX creates a fun, engaging, and inclusive environment for thought and experiential learning.
