- 10:55AM **What's Different About Early-Stage Cleantech Investing--A View From Both**

Sides

The increase in venture capital has changed the game for cleantech and impact investing as a whole. We will explore the issues and opportunities that accompany this new reality.

- *Chris Ripley, CEO, Smarter Sorting (Moderator)*
- Sara Chamberlain, Managing Director, Energy Foundry
- Johanna Wolfson, Principal, PRIME Impact Fund
- Abe Yokell, Co-Founder and Managing Partner, Congruent Ventures
- Jason Cahill, Managing Partner, McCune Capital

11:30AM

Bridging the Valleys

New tools are being developed and deployed to address the valleys of death spanning a cleantech company's life cycle. We'll hear from leaders of the pack expanding the cleantech investing tool box.

- *Peter Martin, Philanthropic Director, Tides (Moderator)*
- Racquel Moses, CEO, The Caribbean Climate-Smart Accelerator
- Anurag Gupta, Vice Dean, H. Clark Ford Professor of Banking and Finance, Weatherhead School of Management, Case Western University
- Nolan Browne, Managing Partner, ADL Ventures
- Jon Bonanno, CXO, New Energy Nexus

12:10PM

Upcoming Plans For Catalyzing The Commercialization of U.S. Energy Technologies
