ABOUT US
EarthX is a global multi-dimensional environmental nonprofit organization dedicated to informing and inspiring people and organizations to take action towards a more sustainable future. EarthX was founded in 2011 and is a member of the International Union for Conservation of Nature (IUCN).

OUR FOUNDER
Trammell S. Crow is the founder of EarthX (formerly known as Earth Day Texas), the largest green gathering showcasing the latest initiatives, discoveries, research, innovations, policies and corporate practices serving to reshape the future. With a focus on inspiring environmental leadership across sectors and party lines, Trammell has succeeded in bringing together people and organizations from all walks of life to explore and collaborate on solutions for some of today’s most pressing environmental solutions. “Earth is our home, and each of us must play a part to ensure that it is here and inhabitable for future generations,” said Trammell S. Crow.

EarthX Conference
The world’s leading connector and forum for sustainability in-person and virtual.

EarthX Expo
A four day event where the Congress of Conferences and environmental exposition is held annually during April 22, EARTH DAY.

EarthX Film Festival
A film festival turning awareness into action through art and interactive media since 2017.

EarthX TV
An international character-based TV network dedicated to promoting the environment and sustainability. Celebrating the people, places, creatures and cultures that make our planet worth protecting.
EarthxCapital’s mission is to help raise awareness, educate, convene, and catalyze impact related to investment and business innovation in environmental sustainability, clean technology, conservation, and climate change & severe adverse weather resilience by connecting leading investors, innovators, industry, dealmakers, and the innovation community in the United States and globally with a significant focus on Texas and the broader South/Southwest.

EARTHX CLIMATE TECH PRIZE

Overview
The EarthX Climate Tech Prize is EarthX’s highly successful pitch competition for early-stage innovators that are tackling some of the world’s most critical climate and environmental challenges through innovative technologies, products, or services. Hundreds of companies have applied of which only a select group are invited to participate in the Semi-Finals held during the annual E-Capital Summit. Of which, three to five companies are selected to compete live on stage during the Finals, where they will need to impress a panel of judges comprised of leading investors, dealmakers or industry professionals. Everyone who participates is truly a winner, but only one company will take home a cash prize. Recent winners include an agtech innovator from Kenya and a materials innovator from New York.

Eligibility
- Early-stage startups focused on sustainability or climate tech
- Annual revenue of less than $250k
- Less than $500k in dilutive funding raised
