CONGRESS OF CONFERENCES

FAMILY OFFICE SUMMIT HILTON ANATOLE | DALLAS, TX

As part of Earthx2024's Congress of Conferences, the Family Office Summit is an inaugural invitation-only, intimate gathering for family office principals, high-net worth individuals, and family foundations interested in exploring investment and philanthropic opportunities in environmental sustainability and conservation.

This will be a unique summit for peer-to-peer learning and best practices from family office principals who are leading industry and investment professionals. This will also be a highly valuable event for family principals who are either heavily engaged in environmental sustainability and conservation-related investments and philanthropy or other family office principals that are looking to interact with peers in order to learn more about the potential opportunity, industry trends, and lessons learned.

SESSIONS AND SPEAKERS ARE SUBJECT TO CHANGE
