3RD ANNUAL FAMILY OFFICE SUMMIT OLD PARKLAND | DALLAS, TX

As part of Earthx2026's Congress of Conferences, the 3rd Annual Family Office Summit is an invitation-only, intimate gathering for high-net worth individuals or family principals (family members) of family offices/foundations interested in exploring investment, industry innovation, and philanthropic opportunities in environmental sustainability and conservation.

This will be a unique summit for peer-to-peer learning and best practices from family office principals who are leading industry and investment professionals. This will also be a highly valuable event for family principals who are either heavily engaged in environmental sustainability and conservation-related investments and philanthropy or other family office principals that are looking to interact with peers in order to learn more about the potential opportunity, industry trends, and lessons learned.
